

SUITABLE FOR AGES 5-8

feeling safe

By the end of Odd One Out, the Odd One was made to feel safe and loved by their new friends. The friends also realised they could have more fun playing by including them.

INSTRUCTIONS

Talk to your class about what makes them feel safe: It could be their Mum, Dad, or caregiver at home, their teacher, pet, or maybe their neighbour or family friend. Things can also make them feel safe – maybe a soft toy, a night-light, or maybe their bed is the snuggliest safe place they know!

Using photos, magazine cut outs, drawings and words ask the class to think of all the people who help them to feel safe and loved and make a collage on A4 paper.
