SHOW NOT TELL

Sometimes it's easy to say nice words to someone without really giving it much thought. But it's much more meaningful if you show someone how much you think of them by doing kind things.

INSTRUCTIONS

Using the points below, ask your students to think of three ways they can show someone how much they care for them? Write the ideas below:

*What can you do to show your Mum/
Dad/Caregiver that you love them?*

*What can you do to show your
friends how much you care for them?*

*What are some other ways to show how kind you are?
Or, how can you be nice to a person you've just met?*
