# Up, Up In The Air

MR MCGEE

Poor Mr McGee blew up like a balloon and flew across town. If your students blew up like a balloon and flew across town... Where in the entire world would they fly to?

## Ask your students to tell you a story

- What adventures would you have on the way?
- Think of the reaction of birds and people as you fly by.
- How would you come down?
- Would you be wearing the right clothes?
