

# SEASONS

## FINGER PUPPETS

Resource for Preschool Educators

Puppet activity based on the animals from *Seasons*

### Activity Outline

Make finger puppets or ice block stick puppets with your class using the *Activity for Learners* page attached.

### You will need:

- One copy per learner of the attached *Activity for Learners: Finger Puppets*
- Felt pens or colouring pencils
- Scissors
- Glue or sellotape
- Ice block sticks (optional)

### Extension

#### ● Finger Puppet Theatre

You'll need a space that you can hide behind while your puppets move about. Get creative using a couch or table with a table cloth that you can hide behind.

#### ● Story

Decide what your show will be about; is it a comedy show? A play? A musical? Or something else?

#### ● Sound Effects

Play with items around the house/classroom to see what different sounds you can create that will make the show even more entertaining.

#### ● Voice

Have fun trying different voices or sounds for your puppet to see which suit them best.

1 Colour in the animals

2 Cut out along the dotted line

3 Join the two sides marked X using sellotape or glue  
(Or, you can attach each animal to an ice-block stick instead)

4 Play!
